

EXXONMOBIL MOZAMBIQUE EXPLORATION AND PRODUCTION LIMITADA
PUBLIC ANNOUNCEMENT FOR EXPRESSION OF INTEREST ENVIRONMENTAL BASELINE
AND GEOTECHNICAL SAMPLING AND TESTING SERVICES ANGOCHE 5B AND ZAMBEZI 5C
& 5D BLOCKS OFFSHORE THE REPUBLIC OF MOZAMBIQUE

ExxonMobil Mozambique Exploration and Production Limitada, (EMMEPL) invites interested internationally recognized environmental and geotechnical data acquisition contractors that are duly qualified to submit their expression of interest ("Expression of Interest") to perform Environmental Baseline and Geotechnical Sampling and Testing Services. Services will be performed in the Angoche A5-B and Zambezi Z5-C and Z5-D exploration blocks offshore Republic of Mozambique.

SCOPE OF WORK

The scope of work will include acquisition of deep water box cores, piston cores, water column testing and sampling, onboard sample logging and preparation and post survey laboratory testing and reporting to international analytical standards. Water depths in the study area range from approximately 1,000 to 2,500 meters. The following activities will be included:

- Acquisition, processing and laboratory analysis of box cores including physical/chemical and benthic infauna analysis
- Acquisition of water column profiles and water samples for physical / chemical analysis
- Acquisition, processing and geotechnical laboratory testing of 6-9m long piston cores
- Data compilation and reporting

REQUIRED DOCUMENTS

All interested contractors are required to pre-qualify by submitting the following documentation to EMMEPL on or before March 1, 2019 by 5PM (Maputo Time).

1. Cover letter including statement of interest in performing the work, contractor details and contact information
2. Details of relevant experience providing similar environmental and geotechnical services performed by contractor in the last five years in and outside Mozambique
3. Details of Mozambican company registration, Mozambican partnerships, suppliers and/ or subcontractors that contractor plans to engage in support of the project
4. Names and details of environmental and geotechnical testing laboratories to be employed for sample analysis
5. CVs of key management and technical personnel and company organization chart
6. Details of contractor's Safety, Security, Health and Environmental (SSH&E) Policy and SSH&E Management System
7. Safety statistics for the past three years including details of incidents, injuries, high potential near-misses, and environmental incidents
8. Statement on local content and use of local suppliers
9. Any additional information on related capabilities to support supplier's submittal

DOCUMENT SUBMISSION:

Interested contractors must send the documents listed in the Required Documents section electronically via the following email address – **Mozambique2019@exxonmobil.com**. The documents must be delivered in English **on or before March 1, 2019 by 5PM (Maputo Time)**. Submissions delivered after the due date/time will not be evaluated or further considered.

The purpose of the information and documents is to identify qualified contractors that have the proven capability and recent relevant experience acquiring and testing environmental baseline and geotechnical samples to be considered for the potential invitation to tender. EMMEPL will evaluate the requested documentation and, if satisfied, will include the interested contractor in the list for invitation to tender for the services.

This enquiry shall not be considered an invitation to bid and does not represent or constitute any promise, offer, obligation or commitment of any kind on the part of EMMEPL to enter into any agreement or arrangement with interested contractors participating in this enquiry. All data and information provided within the application shall not be considered as a commitment on the part of EMMEPL to enter into any agreement or arrangement with interested contractor, nor shall it entitle the interested contractor's firm to claim any indemnity from EMMEPL.

The interested contractor should NOT submit or otherwise disclose to EMMEPL any confidential or proprietary information or material. EMMEPL will not be responsible for the confidentiality of any such information or material submitted with this Expression of Interest.

The interested contractor understands that EMMEPL does not accept any obligation of confidence with respect to items acquired or any information disclosed by the interested contractor in response to this Expression of Interest. The interested contractor agrees that it will not place any restrictive notices on any document. However, if interested contractor places a notice, EMMEPL is hereby authorized to nullify, obliterate, remove or disregard any such restrictive clauses and EMMEPL shall be free to use or disclose any or all of the information contained thereon to affiliates and third parties without consulting with the interested contractor.

Any costs incurred by the interested contractor or any of its subcontractors replying to this Expression of Interest shall be solely the interested contractor's responsibility and shall be fully born by the interested contractor and shall have no recourse to EMMEPL. Note that only contractors which meet EMMEPL's minimum requirements will be prequalified and invited to tender for the services.

The deadline for submission of Expression of Interest via the email address is set for **on or before March 1, 2019 by 5PM (Maputo Time)**.
